

A Grade Ahead's Trial Classes for Science

Science is a hands-on laboratory class. Safety is A Grade Ahead's number one priority for students, teachers, and parents. To ensure a safe science classroom, a list of rules has been developed and must be followed at all times by students in the class:

- Conduct yourself in a responsible manner at all times in the classroom.
- Do not eat food, drink beverages, or chew gum in the classroom.
- Never fool around in the classroom. Horseplay, practical jokes, and pranks are dangerous and prohibited.
- Students will perform only those activities that have been authorized by the teacher. Students will never do anything that is not called for by the procedure.
- Students must tie back long hair, baggy clothes, and dangling jewelry while doing experimental activity. Shoes must completely cover the foot.
- Safety goggles must be worn whenever working with chemicals or heat.
- Report any accident (*spill, breakage, etc.*) or injury (*cut, burn, etc.*) to the teacher immediately, no matter how trivial it may appear.
- If you or anyone else is hurt, immediately alert your teacher.
- If a chemical should splash in your eye(s) or on your skin, immediately flush with running water for at least 15 minutes. (*A Grade Ahead will seldom use chemicals, they will be mainly for teacher demonstrations.*)

I release and discharge (*agreeing to make no claim, and not to sue*) A Grade Ahead from all claims of injury or loss which I, or the minor Student for whom I sign, may suffer, arising in whole or in part from the Student's enrollment or participation in the afterschool science class, including but not limited to any injury, accident, illness, or death, or any loss or damage to personal property occurring during or by reason of the participation in the afterschool science class.
